New  
**Renault MEGANE**

## Spirit of conquest

Bold and commanding, MEGANE brings new energy to the city. Its lines – solid, dynamic and highlighted with chrome – quickly dominate the scene. Broad shoulders, sculpted sides and a ribbed bonnet radiate confidence. Inspired and statutory, MEGANE pushes the limits.

## Distinctive signs

Its light signature is the first thing people notice. On both sides of the assertive chrome grill, LED PURE VISION headlights are framed by C-shaped LED daytime running lamps that provide a 3D effect and give depth to the vehicle's steely gaze. At the rear, the new lighting signature traces an intense, dark-red horizontal line. Proudly supporting its chrome diamond, MEGANE affirms its ambition and dominates the road.

## Connected universe

Settle into the MEGANE cockpit and discover its universe of technology. The R-LINK 2 system and its large touchscreen makes total control of the vehicle only a touch away. Choose the MULTI-SENSE driving mode according to your mood.

Stay connected with R-LINK 2 for more comfort: with Android Auto™\* and Apple CarPlay™\*, get easy access to your smartphone's driving-compatible apps using the large on-board R-LINK 2 screen.

## Exclusive advantages

At the wheel of MEGANE, the driving experience is enriched with driving technologies unique in the sector. Driving bends to your wishes with the MULTI-SENSE system. The meter, with its seven-inch TFT screen, lets you personalize your driving information display, while the R-LINK 2 tablet provides you with numerous functions including navigation, call management and multimedia content reading. Adapted to the distinctive acoustics of Renault MEGANE, the Arkamys® sound system invites you to enjoy a new musical experience. You'll feel your emotions on a whole new level.

## Attention to detail

To illuminate your journeys and bring light into the passenger compartment, New MEGANE expands your horizons with its glass sunroof. All around you, the richly-furnished interior shows its appeal with its high-end comfort, brushed chrome inserts and refined finishing touches. The customizable ambient lighting highlights the central console and door panels, creating an atmosphere in the passenger compartment to match your mood. In front, the contoured wrap-around seats let you enjoy the massage feature. On board MEGANE, experience unrivalled pleasure.

## Shared high standards

Your Sedan recognises you from afar. As you approach, the headlamps and rear lamps light up, the wing mirrors open up and the interior lights turn on. MEGANE welcomes drivers and passengers alike with the same high standards for hospitality. In front, the width at the shoulders and elbows is very generous. Particular attention has been paid to the numerous storage spaces distributed throughout the passenger compartment. There are even cup holders in both the front and rear. With all the legroom, you have considerable freedom of movement. Now you're seated—enjoy the trip!

## R-LINK 2: the centralised control system

The R-LINK 2 multimedia system is a truly intuitive and connected control centre. Use voice control to access navigation or the telephone, find your musical content, manage driving assistance technology, and access various services with nothing more than a touch of the fingers. Customise the display, save your seat and air conditioning settings, and configure up to six different profiles.

# Control and peace of mind

A new era of modernity, comfort and safety awaits, thanks to the driver assistance technologies that Renault has installed in New Renault MEGANE. It analyses every situation and instantly activates the appropriate technological solution to protect, warn, or assist its driver.

**Blind Spot Warning & Moving Object Detection.** Be warned against potential collisions with other vehicles to the side and/or to the rear during lane changes between 30 and 140 km/h.

**Easy Park Assist.** Park with no problem: the system measures the available space and defines the trajectory on its own. Trust it with the steering and admire the manoeuvring.

# A multitude of sensations

Choose between the five driving modes offered by the exclusive MULTI-SENSE system. The ambient lighting and the dashboard configuration adapt instantly. Increase the responsiveness of your engine with Sport mode, relax the steering and enjoy the massage seat in Comfort mode, choose fuel economy with Eco mode, stay in Neutral mode, or configure Personal mode according to your wishes.

**1. Instrumentation display.** Each mode comes with its own display style and information. **2. Automatic dual zone air-conditioning.** Use Eco mode to control interior temperature and fuel economy. **3. Ambient lighting.** Experience multi-sensory pleasure in green, blue, sepia, red or purple. **4. Massaging driver's seat.** Specific to comfort mode, adjustable massage intensity takes well-being to the extreme. **5. Steering wheel effort.** Smart power steering. The steering wheel resistance takes the selected driving mode into account. **6. Engine response and sound.** Acceleration responses depend on the mode selected and make it feel as if you are actually changing vehicle.

## Welcome aboard

MEGANE is waiting for you! With your hands-free card, unlocking and locking of doors is automatic. The luggage compartment opens when your foot is detected under the rear bumper or nearby by a button on your hands-free card.

Enjoy the expansive 503-dm<sup>3</sup> storage space above the floor. To adapt to any situation, the rear bench seat has a 1/3-2/3 split-folding design, to free up to 987 dm<sup>3</sup> of loading space over 1.9 m.
